| Tuesday, January 29, 2019 | TBD                                                                  | TBD                                                                                          |

**Target Audience:** Weill Cornell Medicine physicians in Pediatrics and other interested physicians and health care providers, and students.

**Course Objectives:** Grand Rounds is intended to lead to improved patient care and safety based upon an assessment of gaps in physician knowledge, competence and performance. By the conclusion of this series, physicians should learn new content relevant to their practice that informs and thereby improves the clinical care they provide.
