

CONTINUING MEDICAL EDUCATION

Department of Pediatrics

June 2018

Fellows Grand Rounds

8:30am-9:30am, Uris Auditorium

<p>June 5, 2018</p>	<p>8:30-8:45am: Presenter: Violetta Kivovich, MD Title: "Intestinal Microbiota in Pediatric Neuroblastoma" Division: Pediatric Hematology-Oncology</p> <p>8:45-9:00am: Presenter: Rebecca Trachtman, MD Title: "Do PROMIS CATs Correlate With Disease Activity in Juvenile Idiopathic Arthritis?" Division: Pediatric Rheumatology</p> <p>9:00-9:15am: Presenter: Nitya Gulati, MD Title: "Identification of molecular mechanisms through which diffuse large B cell lymphomas acquire resistance to EZH2 inhibitors" Division: Pediatric Hematology-Oncology</p> <p>9:15-9:30am: Presenter: Sonia Singh, MD Title: "Atypical Presentations of Fanconi Anemia Patients with Hypomorphic FANCA Mutations" Division: Pediatric Hematology-Oncology</p>
<p>June 12, 2018</p>	<p>8:30-8:45am: Presenter: Emily Wasserman, MD Title: "Sphingolipid synthesis alters viral infection of bronchial epithelial cells" Division: PICU</p> <p>8:45-9:00am: Presenter: Priyanka Tiwari, MD Title: "Enhancing the Identification and Management of Early Hypoglycemia in High-Risk Neonates: Quality Improvement Initiative" Division: Neonatal-Perinatal Medicine</p> <p>9:00-9:15am: Presenter: Lauren Blatt, MD Title: "Are inflammatory markers useful in the prediction of histologic chorioamnionitis and funisitis in preterm neonates?" Division: Neonatal-Perinatal Medicine</p> <p>9:15-9:30am: Presenter: Mary Vernov Title: "Using Eye Tracking as A Tool to Assess Receptive Language in Typically Developing Children and Children at High Risk for Neurodevelopmental Delay" Division: Neonatal-Perinatal Medicine</p>

<p>June 19, 2018</p>	<p>8:30-8:45am: Presenter: Martine Saint-Cyr, MD Title: Whole-exome sequencing to determine prevalence of known pediatric IBD genes in an NYP/WCM cohort” Division: Pediatric GI</p> <p>8:45-9:00am: Presenter: Prachi Kothari, MD Title: “Noninvasive molecular profiling by cell-free DNA in pediatric solid tumors” Division: Pediatric Hematology-Oncology</p> <p>9:00-9:15am: Presenter: Hiroto Kiguchi, MD Title: "Using Nanotechnology to Improve Precision Medicines In Solid Tumors" Division: Pediatric Hematology-Oncology</p> <p>9:15-9:30am: Presenter: Sameer Sait, MD Title: Establishing a preclinical testing platform for Neurofibromatosis type 1 associated nerve sheath tumors Division: Pediatric Hematology-Oncology</p>
<p>June 26, 2018</p>	<p>8:30-8:45am: Presenter: Amita De Souza, MD Title: Discrimination between Transient and Permanent Congenital Hypothyroidism Division: Pediatric Endocrinology</p> <p>8:45-9:00am: Presenter: Veronica Ramirez-Ramon, MD Title: Brain Imaging Trends in Pediatric Moderate to Severe Traumatic Brain Injury: A 5-year Retrospective Study Division: PICU</p> <p>9:00-9:15am: Presenter: Eileen Nicoletti, MD Title: "Modeling Acute Graft-versus-Host Disease in Experimental Hematopoietic Stem Cell Transplantation" Division: Pediatric Hematology-Oncology</p>

Target Audience: Weill Cornell Medicine physicians in Pediatrics and other interested physicians and health care providers, and students.

Course Objectives: Grand Rounds is intended to lead to improved patient care and safety based upon an assessment of gaps in physician knowledge, competence and performance. By the conclusion of this series, physicians should learn new content relevant to their practice that informs and thereby improves the clinical care they provide.
